

Kinetics

a new play by sue wylie

Kinetics by sue wylie
directed by kate mcgregor

What can a teenage boy who is into free running and a middle-aged woman with Parkinson's possibly have in common? The desire to move..

Kinetics is based on the remarkable true story of two people seemingly at polar opposites. As Rose tries to come to terms with her diagnosis, an unlikely friendship springs up when Lukas literally lands on her doorstep. But will the bond between them be strong enough when things go wrong?

With brilliant writing, dynamic projected images and live parkour, this play is personal, poignant and will make you laugh out loud.

This is an amazing story that needs to be told.

The play is so well crafted - a superb idea, beautifully realised and very telling. A wonderful achievement reminding us all how difficult and how amazing life is.
